A Unique Range of Handcrafted Curtain Poles

Museum Collection

The Museum collection brings a unique range of handcrafted poles in a palette of neutral colours and satin finishes creating a contemporary collection to compliment the most distinguished décor.

Using the finest woods and traditional methods belonging to high end furniture production, classic gilded finishes use real Dutch Metal Leaf combined with modern waxes to give a hard wearing finish that stands the test of time.

Each pole is complimented by a choice of finials and matching holdbacks.

Corded & Uncorded Wood Poles

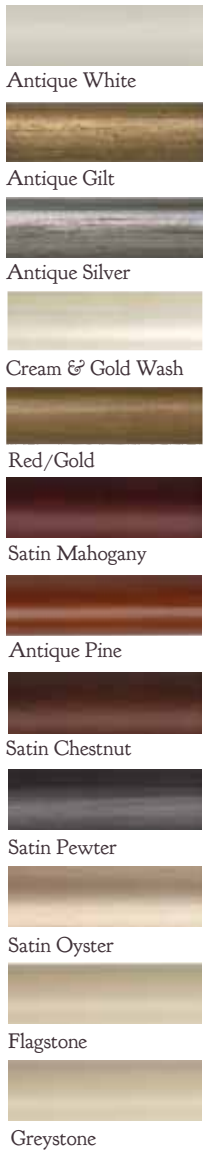

Combining the beauty of a wood pole with the smooth functionality of a track, any 45mm & 55mm Museum pole can be corded to give an added level of convenience and control.

We lovingly hand make your corded pole by inserting a metal track into the underside of the pole so curtains suspend from gliders in the track, removing the need for rings. Paired with clasp brackets this gives a stunning finished look with the curtain heading running much tighter to the pole.

Museum Corded Wood Pole is supplied with a choice of child safety devices that have been tested and approved by Bureau Veritas for your total peace of mind
